

GREEN PIN GENERATION for Debit Cards

Activate your Debit Card by generating **GREEN PIN** through:

ATM Terminal

- Visit your nearest Unity Bank ATM Terminal.
- Insert your Debit Card.
- Select Green PIN > Generate OTP.
- Reinsert the card and enter the OTP received on your registered mobile number.
- Set and confirm your preferred 4-digit PIN.

PIN setup completed. Your card is ready to use.

Mobile Banking App

- Log in to the Mobile Banking App.
- Go to Debit Cards > Set PIN.
- Enter your preferred 4-digit PIN, confirm the PIN, and enter the OTP sent to your registered mobile number.

PIN generation is completed instantly.

Internet Banking

- Log in to Internet Banking.
- Navigate to Cards > Set PIN.
- Enter and confirm your preferred 4-digit PIN.
- Authenticate the request using the OTP received on your registered mobile number.

PIN generation is completed instantly.

***Important Tips-

1. Never share your PIN, OTP, CVV, Card Number, Expiry Date, or Banking Credentials with anyone.
2. Unity Small Finance Bank will never ask for your PIN or OTP through calls, emails, SMS, WhatsApp, or social media.
3. Always keep your registered mobile number updated to receive OTPs securely.
